SIG maintainer退出规范建议

1. **不活跃SIG maintainer强制退出条件：**
   - 在相关SIG > 180 days无贡献||平均贡献活跃度 < 0.1 activities/day
2. **退出时机：**
   - SIG maintainer更新的pull request把不活跃maintainer退出作为合入的前提条件
   - SIG可以给出不退出的合理解释申请例外

Thank You !
